

CARS AT THE HIGH SCHOOL had a chance to go through the safety lane at the High School parking lot last Friday. Left to right, Mayor Ray Toft, Patrolman Fred Elam, a service man from Jim Green's service station, Lawrence Eggleston, Al Sodman and Mike Haley join in checking over a car.

## Safety Check Results Good

About 35 cars went through the safety lane check at Antioch High School last Friday afternoon.

"The cars were generally in good shape," Chief Jack Heick said. "We found a few bad king pins. Now the owners have been warned and we hope they take care of it."

"That's the object of the safety lane check," Heick said. "To alert people that something is mechanically wrong with their car."

Records of this check lane will be incorporated with those of the coming safety check to be held June 26 at the village parking lot.

## New Owners Take Over Antioch V&S

New owners took over Williams V & S Hardware Store on Main St. in Antioch on May 24. The store will now be called the Antioch V & S Hardware, Inc.

New owners Joe Beemsterboer and Morton Robertson purchased the store from C. R. Keulman. The partners had each looked at the store separately with a view to purchasing it, and decided to pool their resources and form the partnership.

Mr. Beemsterboer lives in Grayslake. He and his wife, Alyce, have three children, Susan, 9; David, 7; and John, six months.

Joe spent four years with the Gurnee V & S, and four years with the Grayslake V & S. He has been looking for a likely hardware store for two years. "I think the town has great possibilities, an up-and-coming town," he said.

Morton Robertson lives at 1047 Glenwood in Waukegan. Mrs. Robertson's name is Norma, and their children are Alan, 22, attending Brooks Institute of Photography in California; Mary (Mrs. Louis Del Conti), and Martha, 18, attending Waukegan High School.

Morton was employed at Ace Hardware in Waukegan for 9½ years, 2 years as manager. He also spent six years at the Gurnee V & S.

The store will now be open from 8 a.m. to 8:30 p.m., Monday through Thursday; 8 a.m. to 9 p.m. on Friday; 8 a.m. to 6 p.m. Saturday and 9 a.m. to noon on Sunday.

The new owners intend to stress builder's hardware, plumbing supplies and paint. The plan to carry a nice line of toys. "We'll dress up the aisles, increase floor space and increase stock," said the new owners.

Both plan eventually to move to Antioch. "We'll increase the sporting goods vice," Morton said. "A Grand Opening for the new V & S will be held about July 1."

## Issues Charter To Corporation

Secretary of State Paul Powell has announced the issuance of a charter to the corporation of Gaa Oil Co., P.O. Box P, Antioch, Ronald D. Gaa, for the selling, both wholesale and retail, of petroleum products and allied products.

## 226 To Graduate From High School

Two hundred twenty-six seniors will graduate from Antioch Community High School next Tuesday.

The High School's Golden Anniversary Class will cross a portable stage on the old athletic field shortly after 8 p.m. on June 8, to receive their diplomas from Superintendent Albert Dittman and Board President Robert Denman. They will be the fiftieth class to graduate from Lake County's northernmost high school.

The proceedings will begin promptly at 8 p.m. with an interlude of music by the Concert Band, followed by the processional. The invocation will be delivered by the Reverend Donald Cobb of the Antioch Methodist Church. In keeping with the added significance of this particular graduation, the Senior Choir will then deliver a rendition of the famous "Halls of Ivy" and the Rodgers-Hammerstein "You'll Never Walk Alone."

The commencement speaker is a long-time resident of the community and known throughout the State of Illinois as Superintendent of Lake County Schools, Dr. W. C. Petty has entitled his address "Your Assignment."

After the presentation of diplomas, the Senior Choir, Ralph Brooke, Director, will deliver its special Golden Anniversary rendition of the "Battle Hymn of the Republic." Robert Schenk will be the soloist. The ceremony will conclude with the presentation of the colors and the National Anthem.

### BACCALAUREATE PROGRAM — JUNE 6

The 1965 seniors will gather in the school auditorium at 8 p.m. on Sunday, June 6, to participate in a Baccalaureate Program. The program will open with the processional, David Bushnell, Pianist. The invocation will be delivered by the Reverend L. H. Messersmith of Millburn. The Senior Choir will present Mozart's "Ave Verum Corpus."

Lawrence Eggleston, Dean of Boys, will introduce the

Reverend Virgil H. Smith of Lake Villa who will present the Baccalaureate address entitled "A Better Way." This will be followed by remarks by Superintendent A. L. Dittman, a rendition of "To Thee We Sing" by the Senior Choir, the benediction by the Reverend Messersmith, and the Recessional.

It is traditional for all graduates of Antioch High School to wear roses on their graduation robes. This year, in commemoration of the Golden Anniversary, those roses will be golden.

It is also traditional for the President of the Junior Class and the Queen of the Junior Prom to serve as formal escorts for the graduating class. This year these honors will be rendered by David Chandler and Ruth Dyer.

## James Edwards Wins Bausch and Lomb Award

Throughout the United States, educators recognize the annual Bausch & Lomb Honorary Science Award as evidence of superior scientific aptitude. In announcing James Edwards as the 1965 winner, Albert Dittman of Antioch Community High School said, "These awards are especially significant."

"Today, everyone realizes the importance of the study of science in our secondary schools. The Bausch & Lomb Honorary Science Award provides appropriate recognition to senior students with the highest scholastic standing in science subjects."

The Science Award—a handsome bronze medal—is presented at graduation in more than 7,500 schools. Since its introduction in 1933, there have been 143 winners.

Surveys have revealed that more than 30% of the winners have been encouraged by the Award to follow scientific careers. Winners of the Honorary Science Award are eligible to compete for Science Scholarships, sponsored by Bausch & Lomb Incorporated, at the University of Rochester.

Three or more Scholarships are provided annually. Stipends are based on need and have a total combined value of \$21,600. The Award winner is usually selected early in December so that his application for the Scholarship Competition can be filled out and returned to the University before the February 1 deadline.

The Bausch & Lomb Science Award and Scholarship programs have been officially approved by the National Association of Secondary-School Principals.

## Resume Antioch-Chicago Bus Run

Bus service between Antioch and Chicago resumed on May 28 and will continue through September 6. Schedules may be obtained at Reeves Drug Store on Main St.

## McCLORY ON TV NEXT SUNDAY

Congressman Robert McClory will be featured on "Your Man in Government" on WMAQ-TV, Channel 5, this Sunday, June 6, at 3 p.m.

## Village Buys 2 Police Cars; Lights For Oakwood Knolls

The village board voted to accept the low bids on two police cars and a truck for the sewer and water department at Tuesday night's meeting.

One police car will be purchased at Earl Stringer's Dodge in Antioch at \$908.17, with the Chevrolet police car as a trade-in; the other from Lyons-Ryan Ford for \$1560.

with the present Ford as trade-in. The truck will be purchased from Teresi's Chevy-Olds at a cost of \$1020.81.

Oakwood Knolls will get street lights in the near future. Edgar Simonsen, superintendent of Public Works, announced that he and a representative of the Public Service Co. had mapped out a proposal for ten

4,000-watt street lights to be installed at busy intersections and on curves.

Simonsen also presented a request for the village to blacktop North Ave. from east of the Kirchmeyer apartments to Main St.

The south half of North Ave. is within the village limits; the north half of the

street is in the township. In improving the road, the township is starting to blacktop North Ave. next week.

The township, Simonsen pointed out, is shouldering the cost of blacktopping the village share of the road from the Kirchmeyer Apartments west. If the village authorizes Liberty Asphalt to blacktop the remainder of

the road at the same time it can be done at a cost of \$3,400.

Mayor Toft pointed out the need for economy until the filtration plant is completed, and turned the matter over to the street committee for study.

Dave Nissen reported that local plumbers had suggested a couple of ordinances to be considered by the board—one making it mandatory that only licensed plumbers make hook-ups, and the other outlawing the use of copper pipes in sewage connections. The copper pipes, it was reported, deteriorate when used for this purpose. A study of the matter is to be made.

Attorney Ted Larson, representing Mrs. Peg Fields, informed the board that his client intended to dispose of the property north of the A & P building and bordering Broadway which has been used as a parking area in the past. Mrs. Fields, he said, would give the village an opportunity to rent or buy the land, and would fence it until such time as the property is disposed of. Irving Walsh, Robert Wilton and Arthur Meierdick were instructed by the mayor to look into the matter.

John Warsing asked the village board for permission to install lights at the Little League park. The Little League, he said, would absorb all costs above the normal operation of the present lights.

The Little League, he said, now includes 240 boys on fourteen teams. The 8 to 15 year olds are at present using the athletic field at the high school.

The board approved a motion to permit the Little League to install the lights, providing all work was cleared with the Public Service Co. and costs paid by the Little League.

The board approved hiring Bruce Dalgaard to mow grass on city property during the summer and do other clean-up work.

The appointment of James Krieger, 277 Park Ave., Antioch, as a village fireman was approved by the board.

It was reported that Leo and Ann Fox had granted a ten-foot easement to the village to install a storm sewer from Depot St. to Sequoia Creek. The board approved a motion to accept and record the easement.

**WORK ON WELL TO START**  
Frank Angelotti, village

(continued on page 3)

## Board Cites Elam For Good Work

Patrolman Fred Elam was commended for his good work by the Mayor and the Village Board Tuesday night at the village board meeting.

Elam spotted and picked up a carload of young hoodlums in Antioch and found the car loaded with a variety of stolen goods.

Fred first stopped the car, carrying seven youths, all juveniles, because of a noisy muffler and its weird paint job. The car was sprayed white, decorated with swastikas and signs in black paint.

Under Elam's questioning, it developed that the driver had no driver's license. Further investigation showed that the car carried stolen license plates.

Elam found three batteries, three watermelons, and a variety of clothing in the back seat of the car. A check of the serial number of the battery showed that it was one stolen earlier from Pittman Motors in Antioch.

The driver then admitted stealing batteries from Pittman's, Ray's Shell Station, and watermelons from the A&P. He had left home some weeks before, he said, and had been living out of the car.

The driver of the car was taken to the Lake County Youth Home. He did not implicate the other occupants of the car, who were released.

The driver of the car is a former Antioch resident whose parents had moved to another town.

## Shakespeare Comes To Antioch Stage

The world's greatest dramatist, William Shakespeare, will take over the P. M. & L. stage in Antioch Saturday evening, June 5, with the Theatre Workshop's production of "The Taming of the Shrew."

Maxwell Kelly, producer and director, is bringing his troupe to Antioch for one performance only, with curtain time at 8:30 p.m.

Performed in authentic costumes and with all the humor and bawdiness of the original, the production should prove to be real entertainment for everyone. "The Taming of the Shrew" is a wild farce about a young girl, Katherine, who is notorious for her devilish spirit. Petruchio vows to woo this wildcat and make her his obedient, loving bride. (The show is full of good advice and examples for all husbands.) It was made into a musical, "Kiss Me, Kate," which was a Broadway hit of a few years ago.

This production is another milestone in Palette, Masque and Lyre's program of bringing a variety of live theatre to the Chain O' Lakes Region. The Board of Directors are endeavoring to present "something for everyone" from old-fashioned melodrama to Shakespeare, interspersed with the always popular musicals, comedies and dramas.

Tickets will be available at the box office and by calling Vivian Mapleshorpe at 395-3611.

## Many Attend Memorial Day Celebration

Spectators lined Main St., then gathered at the War Memorial on Broadway for the Memorial Day parade and services held Sunday afternoon in Antioch.

"It was the best Memorial Day parade we ever had here," was the comment of many of the spectators.

Veterans, the Grade School and High School Band, Girl Scouts, Boy Scouts and Gold Star mothers took part in the parade. George Swenson, Tenth District Commander of the American Legion, was the main speaker at the memorial services.

Arrangements for the Memorial Day observances were made by Legion Commander Donald Gaston and VFW Commander Manuel Goode.

## 46 Graduate From St. Peter's School

Graduation exercises at St. Peter's School were held Monday afternoon, May 31, at the school. School will close Friday, June 4, at 3 p.m.

Diplomas were given to the graduates by the Rev. Alfred Henderson and the Rev. Lawrence Hanley.

Class honors bestowed were a scholarship to Carmel High School awarded to Raymond Gudgeon by the Knights of Columbus; award for perfect attendance for six years to Bonita Davis; perfect attendance for three years to Patricia Johnson and Helen Zeien; perfect attendance for one year to Diana Costoff, William Ganser, Donald Gaa, Susan Tooman and Judith Hevrdjejs.

The Rev. Alfred Henderson gave the address to the graduates. There were 46 graduates in the 1965 class.

Civilization has now reached the point where miracle drugs and get-well cards have a hard time keeping up with each other.

## Squad Has Quiet Memorial Day

The Rescue Squad had a comparatively quiet Memorial Day week-end, making six calls from Saturday through Monday.

Thomas Mason, 18, of 4000 N. Greenview, Chicago, was taken to the clinic with abdominal pain on Saturday, May 29.

Russell Larson, 51, of 6784 N. Iowa, Chicago, was taken to the clinic on May 29 with a bad nose bleed.

The squad was called to the scene on May 29 when a bicycle ridden by Richard Dilabio, 12, of Rt. 2, Box 307, collided with a car. The boy was apparently uninjured.

Morris Verkest, Filweber Court, Antioch, was taken to Victory Memorial Hospital on May 30 suffering from an apparent heart attack.

Elizabeth Strahan, 78, was taken to Victory Memorial Hospital on May 30, suffering from pneumonia.

Elta Mae Ziva, Main St., Antioch, an expectant mother, was taken to Victory Memorial Hospital on May 27. Job Compagna, 54, Mortensen Hotel, was taken to Victory Memorial Hospital by the squad on May 31 when he became ill.

## Antioch Student Gets Yale Scholarship

A letter recently received by the Antioch Community High School has informed the school that James A. Steffenburg, the son of Mr. and Mrs. Lars Steffenburg, 633 Parkway, Antioch, has been selected to receive one of the four scholarships awarded by the Yale Scholarship Trust of Illinois, given to members of the entering freshman class at Yale.

The letter states, "It is a nice honor for James to be chosen as the recipient of this special award, and we should like to extend our congratulations both to him and to his school."

A SCENE FROM THE TAMING OF THE SHREW, to be at the P.M.L. Theater Saturday, June 5.

## EDITORIAL

### Library Gets 'Go-Ahead'

At times, when school referendums are defeated wholesale, we begin to feel that the taxpayers simply vote "No" against any tax raise without considering the need or merit of the raise. The taxpayers of Antioch proved otherwise last week.

The referendum for an increase in the levy for the library passed with ease. The additional money was certainly needed, the library has operated on a basis of strict economy in the past, and evidently the voters appreciated that fact.

A good library is an asset to the community and we're glad that ours will be able to stretch out and grow a little. More room has been badly needed for years. So have more books, especially in certain specialized subjects.

The trend to give Memorial books in memory of people who have passed away has added a good many books to the library's stock and could be a real help in conserving tax money while supplying a lasting memorial to someone you love.

### Courthouse Notebook

BY LOU DURKIN

By Lou Durkin

There is a feeling abroad in the land, and with good cause, that members of the Illinois General Assembly have concentrated exclusively during the present session on re-apportionment and tax increases.

However, a few other laws have reached passage stage, laws that will improve election conditions and improve properly assessment efficiency.

A bill permitting a wide range of mechanical or electronic voting equipment to speed the ballot count and give better protection to the ballot is regarded as a catch to pass both houses and gain the governor's signature.

The bill originally introduced by State Representative Dan Pierce, of Highland Park, would have made use of the machines mandatory in the large counties, but the present proposal makes it permissive.

There is a strong sentiment in Lake County for some type of voting machine and the system most likely to be adopted would utilize the data processing equipment already in use by the county.

Another election law that should win strong support from candidates will move county primaries from April to June.

This change means the candidates can start stumping a little later in the year and thus avoid much of the bad campaign weather that has been particularly hard on the candidate trying to unseat the incumbent.

Of course this could work a hardship on the Republicans who usually need all the time they can get between the primary and general election to heal party wounds.

The bill introduced by State Representative John Conolly calling for the division of large counties into four assessment districts apparently has a good chance of becoming law in this session.

Under the bill sponsored by the Gurnee Republican, Lake county would be divided into four assessment districts with one district being reassessed each year.

This would eliminate the logjam of complaints before the Board of Review and the late return of assessor books which delay preparation of tax bills every four years.

The first reaction to the suggestion that former Governor William G. Stratton might seek the Republican nomination for U. S. Senator seemed to be that he was six years late.

There was a feeling that

if Stratton had sought the Senate nomination instead of a third term as Governor he would not have gone into political eclipse even though he lost the election.

Now there seems to be a feeling, as a result of his acquittal on income tax evasion charges, that he might be able to beat Sen. Paul Douglas because he is the only Republican in recent years to score a victory over the Democrats.

Keeping pace with construction progress on the new county building is a conviction that planning on the building should be adjusted so the entire project can be completed immediately instead of being spread over a ten year span.

County Board Chairman Kenneth Henke has indicated he favors such a plan because it would be less expensive than a three phase program.

The history of building costs over the past quarter century would indicate it won't be cheaper to build 10 years from now and certainly building efficiency would seem to dictate a complete project rather than piecemeal construction.

There would also be a savings in the most of remodeling the present building to make additional courtrooms which would be used for only a few years.

The political golf outing season gets an early start this year with the tournament planned for Coroner Pat Clavey's Scholarship Fund.

Of course this isn't really a political gathering in the usual sense, because the object of the event is for a good cause.

The Clavey clambake is slated for George Diamond's Country Club on June 16 and the size of the turnout could be an indication of the progress the youthful Coroner has made in his bid to gain stature as a key political figure in the county.

#### SAFE SERVICE STATIONS

An oil marketer who checked out on the fire safety and traffic safety records of service stations in his community found that things were even better than he had imagined. According to Oil Facts, he learned that the state fire rating bureau, which sets insurance rates for all kinds of buildings, regards service stations as safer than churches, schools, private homes, restaurants, grocery stores and doctors' offices.

We are usually conservatives on those subjects about which we know the most.

Dr. W. C. Petty

### Dr. Petty To Address Graduates

Dr. W. C. Petty, County Superintendent of Schools, will be the guest speaker at commencement exercises at Antioch High School June 8, 6 (tonight).

Dr. Petty was born on a farm in Richland County, Illinois, November 7, 1890. He attended a rural one-teacher school and was graduated from the Olney Township High School, Olney, Illinois.

He holds a Bachelor of Education Degree from Illinois State Normal University, a Master of Arts Degree from the University of Chicago, and an honorary Doctor of Humane Letters Degree from Lake Forest College. He began teaching in the country schools of Richland County in 1919.

This is Dr. Petty's 46th year as a teacher, principal, or superintendent. He was teacher, principal and superintendent in the public schools of Illinois until March 11, 1931 when he was inducted into office as county superintendent of schools in Lake County. Dr. Petty has held this position continuously to the present time. This long tenure in office makes him the dean of the Illinois county superintendents of schools.

#### Letters to the Editor

The Gefco Factory gave a nice dinner for their employees, as some of the older ones will go on their vacations for the summer, and the school boys and girls will take on for the summer.

The dinner was served by Elaine Paulsen of Lake Villa. It was a grand dinner; four courses, chicken and ham. Everyone had a grand time. The foreman, Ronnie Novak, gave a short speech thanking everyone for their grand system of work together.

Rose King

May 30, 1965

Managing Editor  
Antioch News  
Antioch, Illinois

Dear Sir:

Conservation planning or area planning is a rather new consideration here in Illinois and very little seems to have been done.

I think Lake County authorities and the state authorities and private persons now should give increased attention to this matter particularly in areas such as your county.

The Federal government has a program to lend funds to county governments for purchase of suitable acres of land and marshlands for game and fish breeding areas. Area planning is a broad subject such as encouraging the establishment of county acres of forest and game reserves, retaining some marshlands as game and fish feeding area, better enforcement of game and fish quotas, planting more trees in public areas and along roads, and encouraging farmers to keep some areas of their lands as brush cover for game, as well as occasional dredging weeds from some areas of lakes in the fall of the year.

It is suggested that more attention to these matters will prove profitable and enjoyable to all citizens of your county.

Sincerely,  
W. H. Chisholm  
Chicago, Illinois

### ALONG THE WAY with Annie Mae

Even though Lake County escaped unscathed in the highway slaughter that accompanied just about every National holiday, she silently weeps for the degradation of her countryside. We who inhabit this county-wide vacationland have always been proud of contributing the most wholesome outdoor activities to one and all. So it is with heavy heart that we find there are some who would smear her grand parks and beaches with ugliness such as "hoodlums", "vandals", and "fights". After the latest experience last week, this writer now personally begs the authorities to show no mercy in punishing this kind of behavior.

THE LATEST REPORT: What you know, we've done it again! Yep, we picked another Mayor with an amazing amount of versatility. When Ray isn't pounding the gavel, he is probably pumping gas at his station or towing in a car, or even driving the Taxi.

Dick Miller, Ill. Bell's answer to Number Please, is re-cooping at home after recent surgery. It was bound to come! Boy - ball - roof - ladder - IHELP! Happened on the top of King's Drug the other day, and officer Mason made the rescue.

Big John! Big Sign! What would you expect? ... Zada Vos also on the mend at home after recent stitching. ... Anybody know where Joe Kirby lives? He has enough to say about we West

Lake Countians, that I have a feeling he is one of us! NOTES TO YOU: Oh, where, Oh where, did the paraders all go? Shame on all you Civic Organizations who didn't participate in the Memorial Day Parade. ... There is one organization putting its best foot forward though, and that's the Jay-Cees out with their first issue of Lake Region Doings, a real credit to those who worked on it. ... Tom Haviland believes in getting things done; while he waters his lawn, he takes a shower; at the same time, (if it wasn't intentional, Tom, a little washer will remedy the situation.)

THE LAST DROP: Behind the headlines: wooing of future tenants for the State Bank Bldg. has opened several new possibilities. ... a new placement policy adopted by a local firm appears to be another first in the Village. ... While we are on the subject of placement, how about you employers giving a boost to these high-schoolers who are willing to give you a good day's work in exchange for the financial help they need to further their education.

DID YOU HEAR: A young applicant for a job as a truck driver for a Los Angeles dairy was asked if he were married. "No," he said, "I'm not—but I can take orders, if that's what you mean." Finis, Annie Mae

### NI-Gas Announces Earnings For Year

Stockholders of Northern Illinois Gas Company have been informed that consolidated earnings of NI-Gas and its wholly-owned utility subsidiary, Allied Gas Company, amounted to \$24,061,296, or \$2.09 a share for the 12 months ended March 31, 1965.

This compares with earnings of \$23,106,829, or \$2.01 a share for the corresponding period a year ago and \$23,025,701, or \$2.08 a share for the 1964 calendar year. President Marvin Chandler in reporting the earnings, said that about 90 per cent of the \$8.3 million of rate reductions made in 1964 is reflected in the figures for the current period.

"We have had fairly cold late winter weather and are making substantial gains in the number of customers served and in our commercial and industrial business," he said. "Assuming normal weather during the rest of 1965, we expect to attain satisfactory earnings increases as the year goes on."

On May 18, 1963, The Lake County Civic League presented Dr. Petty the Jack E. Sams Award for outstanding service to taxpayers by a Lake County public official. On May 22, 1963, The Lake County Chapter of the National Retired Teachers' Association honored Dr. Petty with a scroll in appreciation of his untiring efforts with retired teachers of Lake County. On Jan. 23, 1963 he was presented an award by the Grove School, Inc., for dedicated service to the handicapped children of Lake County.

### Car & Driver Laws Being Considered

Secretary of State Paul Powell has announced that legislation incorporating all of the traffic safety measures he pledged during his campaign last fall are now pending before the Illinois General Assembly.

These include notifying drivers 30 days prior to the expiration date of their driver licenses, reflecting license plates, requiring parental consent for driver license applicants up to 21 years of age, requiring that 16 and 17 year old driver license applicants have successfully passed an approved driver education course and safety inspection of used cars prior to sale.

Also in the motor vehicle field, a measure submitted by Secretary Powell advancing the deadline for applicants for reassignment of license numbers from October 31 to September 30 has been passed by both House and Senate and signed into law by Governor Otto Kerner. It becomes effective with applications for 1966 licenses.

Three of the proposals have been passed by the House and are now awaiting hearings before Senate committees. Secretary Powell said. The bill calling for re-licensing license plates, and a companion measure to increase license fees 50 cents to cover the cost, is scheduled for hearing soon before the Senate Committee on Highways and Traffic Regulation, as is the one increasing from 18 to 21 years the age at which parental or guardian consent is required to obtain and retain a driver license.

The bill providing for notifying drivers 30 days in advance of the expiration date of their licenses has been passed by the House and is awaiting hearing by the Senate Committee on License and Miscellaneous.

The two remaining measures, safety inspection for used cars and the driver education course requirement for 16 and 17 year old applicants, both of which were introduced in the House, are awaiting action by the House Committee on Motor Vehicle.

served and in our commercial and industrial business," he said. "Assuming normal weather during the rest of 1965, we expect to attain satisfactory earnings increases as the year goes on."

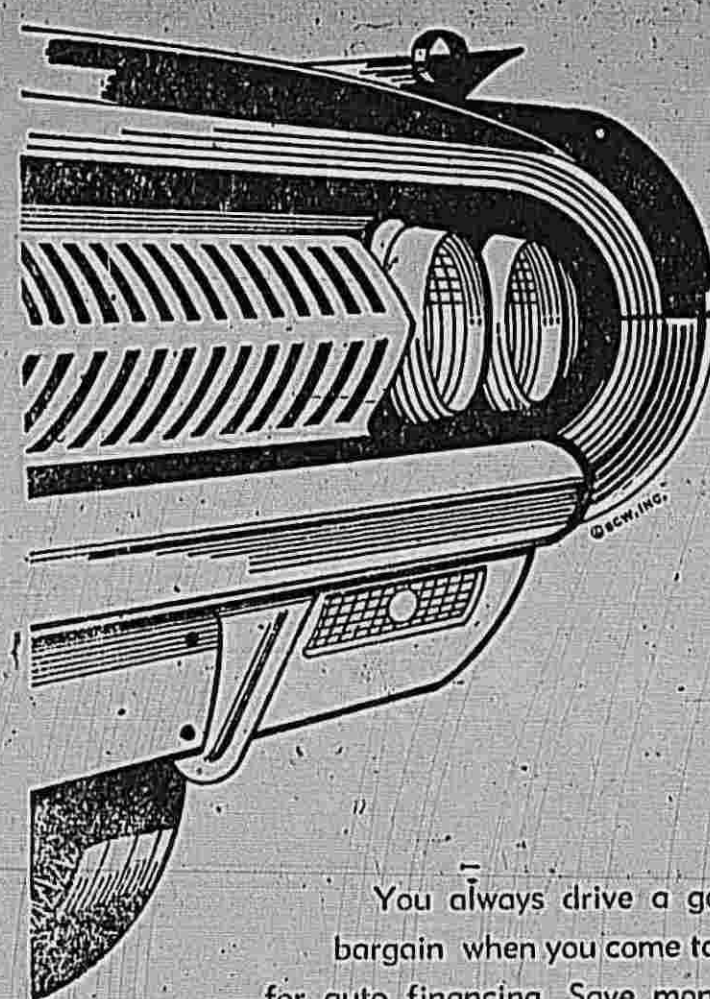

cles and Traffic Regulations, Secretary Powell said.

Another related measure was introduced into the House last week by Representative Allen Lucas and others which would require annual safety inspection for all passenger cars and semi-annual inspection for trucks, trailers and semi-trailers. This bill has been approved by both the Governor's Office and Traffic Regulations, Secretary Powell said.

Official Safety Coordinating Committee and the Motor Vehicle Laws Commission. Secretary Powell, who is vice chairman of the Governor's Committee, is supporting this measure also.

East Cleveland is in Cuyahoga County, Ohio.

## DEATH NOTICES

### ENOCH BUCKLES

Mr. Enoch Buckles, 63 years old of Bristol, Wis., passed away Monday, May 31, at 4:45 a.m. in Victory Memorial Hospital.

He was born Jan. 2, 1902 at San Francisco, California. He served in the U. S. Army during World War II, after which he worked on the Alaskan Highway and was stationed in Fairbanks, Alaska. He then drove a Checker cab in Chicago before moving to Bristol 10 years ago, where he had been operating a Chinchilla Fur Farm. He was a member of the Empress Chinchilla Breeders Association (Wis. Branch).

He is survived by his wife, Margaret; five brothers, Herman Buchholz, Sacramento, Calif.; William Leonard, Idyllwild, California; Gustave Buchholz and Ben Buchholz, both of Edmonton, Alberta, Canada; Charles Buckles, St. Paul, Minn.; two sisters, Mrs. Rose Robertson, Edmonton, Alberta, Canada; Mrs. Anna Busch, Adams Basin, New York.

Funeral services were held at 11 a.m. Thursday (today), at the Strang Funeral Home in Antioch. Rev. Carl W. Bloedow of the Bristol Methodist Church officiated at the services.

### CLARE D. SHERWOOD

Mr. Clare D. Sherwood, 66 years old of 272 W. Grand Ave., Lake Villa, passed away on Monday, May 31, at 6 a.m. in St. Therese Hospital where he was admitted on May 20. Death was due to a heart ailment. He was born Jan. 6, 1899 in Lake Villa and had lived there all of his life.

Mr. Sherwood had spent his winters at Key Biscayne, Florida, where he was active in boating and fishing. He was the owner of Sherwood Parks at Lake Villa and retired in 1947. The parks were founded by his father, R. H. Sherwood in 1926. Mr. Sherwood had served at Lake Villa Post Master from 1922 to 1934. He married Edith L. Sorenson on September 18, 1920, at Waukegan.

Survivors are his wife, Edith L., one son, Donald Sherwood, and two grandchildren, Susan and Donald Sherwood, all of Lake Villa.

He was preceded in death by his father, Raymond H. Sherwood, on August 4, 1948; his mother, Catherine, on March 17, 1965; two brothers, Lee Sherwood in 1928 and Oryin as an infant.

Funeral services were held at 1:30 p.m. Thursday (today) at the Strang Funeral Home in Antioch. Rev. Virgil Smith of the Lake Villa Com. Methodist Church officiated at the services. Interment was in Angola Cemetery at Lake Villa.

### BROR A. SWANSON

Mr. Bror A. Swanson, 75 years old of Channel Lake near Antioch, passed away on Monday, May 31, at 8:15 a.m. in Downey V.A. Hospital. He was born Feb. 4, 1890, in Haganas, Sweden, and came to America in 1909 to settle at Virginia, Minn. He later made his home at Philadelphia, Pa., Wooster, Mass., and to Chicago 42 years ago, where he resided until moving to Channel Lake four years ago. Mr. Swanson retired in 1960 as a maintenance man for the Oak Manufacturing Co., of Crystal Lake.

He had served in the U. S. Army during World War I. He is a member of Oscar 2 Lodge No. 129 District No. 8, of Vasa Order of America. He married Edith Sundberg in Chicago on Jan. 8, 1925.

He is survived by his wife, Edith, three sisters, Mrs. Kurt (Anna) Moberg, Chicago, and two sisters in Sweden.

Funeral services were held at 2 p.m. Wednesday in the Strang Funeral Home at Antioch. Pastor Wilton Anderson of St. Stephen Lutheran Church in Antioch officiated. Interment was in Liberty Cemetery north of Antioch.

### EVERET P. GALIGER

Mr. Everett P. Galiger, 50 years old of 315 E. Grand Avenue, Lake Villa, passed away Monday, May 31, at 8:30 a.m. in St. Therese Hospital, where he had been admitted on Saturday.

He was born June 12, 1914, at Ingleside, Ill., and moved to Lake Villa in 1915. He had been an invalid since the age of three years, but had graduated from Antioch High School in 1937 and from the Walton School of Accounting in Chicago. He

## Committeewoman For 12th Dist. Named

James P. Gorter, Republican State Central Committeeman for the 12th Congressional District (Lake, McHenry and Boone counties) has named Mrs. John Wawirka of Lake Zurich as the District's State Central Committeewoman.

Mrs. Wawirka succeeds Mrs. Thomas Davis of McHenry, who resigned recently to become downstate membership chairman of the Illinois Federation of Republican Women.

In making the appointment Gorter stated, "I want to thank Mrs. Davis for the many long hours which she has spent serving the Republican Party. She is truly a dedicated worker. I am looking forward to working closely with Mrs. Wawirka in the coming year in strengthening all parts of our Republican organization in the 12th District. Mrs. Wawirka has a wealth of experience in Republican politics and many friends throughout the District. One of her major functions will be to coordinate the efforts of all our effective women's groups."

Mrs. Wawirka resides in Countryside near Lake Zurich, with her husband, Dr. John Wawirka, and three children.

Mrs. Wawirka's GOP affiliations include board of governors of the Lake County Republican Federation, past president of Elia Township Republican Woman's Club, president of Lake County Republican Workshops in 1962 and treasurer of the state board of that organization prior to that year. She is a member of the 12th Congressional District of Republican Women, Illinois Federation of Republican Women, and Tri-County Republican Club.

was a self-employed accountant for the past 25 years, having his office in Lake Villa. He had served at Lake Villa Police Magistrate, and was a former Lake Villa tax collector. Mr. Galiger was a member of Prince of Peace Church at Lake Villa.

He is survived by two brothers, Miles Louis Galiger, Lake Villa; Sgt. Major John H. Galiger, Schenectady, N. Y.; five sisters, Mrs. Florence Nelson, Lake Villa; Mrs. Ida Olson, Waukegan; Mrs. Julia Nicholas, Mrs. Joseph (Mildred) Hucker, both of Lake Villa; Mrs. Harold (Genevieve) Fillweber, Antioch.

He was preceded in death by his father, Frank L. Galiger, on April 21, 1957; his mother, Catherine, on Oct. 5, 1938, and one sister, Mrs. Helen Smart, in 1962.

A Requiem Mass was held at 10 a.m. Wednesday at Prince of Peace church in Lake Villa. Friends called after 3 p.m. Tuesday at the Strang Funeral Home in Antioch. Friends desiring may give memorials to the Lake Villa Rescue Squad.

The porcupine ant-eater is an egg-laying mammal.

## Village Buys.....

(Continued from page one)

engineer, reported that work on the new village well should be starting next week. Everett Ofstedahl of Froese Sno reported sand in the water at present, and asked when relief might be expected.

Angelotti estimated that the filtration plant would be completed by Christmas, the new well in operation in three months. Addition of the new well to the water supply should solve the sand problem, he said, which is probably caused by pumping too much water from the present wells.

The board approved a motion to advertise for bids on water mains, sewer extensions and a pump for the new well, to be opened at the July meeting.

Roger Williams, chairman of the street committee, reported the estimated cost of installing flashing lights at the railroad crossing on Ida Ave. is between \$10 and \$15 thousand, with the village to pay 20%. The board approved a motion to proceed with the installation at a cost to the village not to exceed \$3,000.

The treasurer's yearly financial report was read and approved, to be published in next week's Antioch News.

Mayor Ray Toft suggested that an ordinance be considered covering upkeep on vacant lots. The village has had to remove several dead trees which fell on village property from such vacant lots, he pointed out, and many are overgrown with weeds.

Attorney Jacobs suggested enforcement of the thistle and noxious weed ordinance to aid in maintaining the lots.

## U. of I. Freshman Class Closed

Chicago—About 700 students, who because of space and staff limitations cannot be accepted for the Fall quarter at the University of Illinois at Chicago Circle, will be offered admission to the Freshman class for the winter quarter.

Instruction for the winter quarter will begin Monday, January 3, 1966.

These students will be able to complete the full Freshman year by September, 1966 by attending the winter, spring and summer quarters. Teaching facilities at the new campus, all air-conditioned, will be used throughout the entire calendar year.

Vice President Norman A. Parker, chief administrative officer at the new campus, reported that progress in faculty and staff recruitment for the September quarter will assure a starting class of 8,200 students. There are 5,400 students now attending initial classes at Chicago Circle.

The Illinois Society for the Prevention of Blindness reports that 95% of all home and industrial eye accidents can be prevented.

## Lake County Museum Receives Donation

Kenneth Burrell of Fox River Grove, Americanism Chairman of Tri-County Republican Club of Boone, Lake and McHenry Counties, has announced that donations have been given to the Lake County Museum of History and to the McHenry County Historical Society.

In presenting the checks, Burrell stated, "Tri-County supports the efforts of these two groups because of our area's part in our national heritage. The gifts represent an expression of support and gratitude to both the Lake County Museum of History and the McHenry County Historical Society."

Thomas R. Davis of McHenry, president of Tri-County, says that the organization supports the Museum and Historical Society because of the educational and cultural advantages they will bring to all of the people of the 12th Congressional District. "The preservation of local heritage," Davis said, "is one of the most important educational tools that can be given to the young people of the district. In today's world, there is a desperate need of instilling in our young people a fervor for American ideals."

The Lake County Museum of History, now located in a barn at Wadsworth, will be installed in a large, permanent, fire-resistant building on a 20-acre tract of land north of Libertyville. The Museum will display prehistoric Lake County, Indian lore, an original log cabin, a turn-of-the century town, and hall of the wheel and propeller.

The building will house a lecture hall, the archives and a library of rare volumes and papers for research, and restoration areas to allow the Museum staff to preserve collections of County heritage. The amount needed to be raised to build the Museum is \$525,000.

Recently the state fire marshal closed the present Museum home due to the hazard of fire. Until the new building is constructed, the present collection of Lake County heritage cannot be open to the public.

The McHenry County Historical Society has been given a log cabin built in the early 1840's and believed to be the oldest in the county. The structure will be moved to the McHenry County Fairgrounds where it will be placed on a concrete foundation and restored. The Society is also tracing the trail of General Winfield Scott through the County on his way to sign the treaty ending the Blackhawk War.

Fund drives for both the Lake County Museum of History and the McHenry County Historical Society are being conducted by students in public and parochial schools, organizations and individuals interested in preserving our local heritage.

### Royal Neighbors

There will not be a Royal Neighbor meeting June 8, as stated in this column last week. The next regular meeting will be June 29, at 8 p.m. at the village hall, Cedar Ave. Oracle Edna Botts will preside.

Correction—Newly elected president of the Lake Villa VFW Auxiliary will not take office until after the convention June 25. It will be held in Chicago at the Palmer House.

The 5th District Golf Tournament of the VFW will be held at the Bonnie Dundee Golf Club on June 6. Tee off time will be 10 a.m. The dinner will be held at the Elgin Post home the same day. Serving will be at 8 p.m. The Department Tournament will be held at Mohawk golf club on June 20.

The Lake Villa Post members will participate in the convention parade Friday, June 25. The parade will be held at night and will start at Wacker Drive and march to Jackson Blvd., in Chicago.

Honored at VFW Installation  
Frances Barnstable received a citation Sunday at the VFW installation. She was presented the award for her outstanding work in recent years for the VFW Auxiliary.

Commander Johnson of the Lake Villa Post presented it to her. It was signed by the National commander, Mr. Jenkins. Between 100 and 150 members and friends were present last Sunday.

Congratulations  
Mr. and Mrs. Bernard Schneider are receiving congratulations on the arrival of a grandson, born May 23, to Pvt. and Mrs. Michael Gray of Cherry Point, North Carolina. Mr. Gray is stationed there with the Marines.

The Grays formerly resided at Grayslake before moving to California, then to North Carolina.

Sympathy  
The many friends and

neighbors extend their heartfelt sympathy to the brothers and sisters of Everett Galiger, who passed away Sunday.

The community extends its heartfelt sympathy to the family of Clare Sherwood, who owned and operated Sherwood Park in Lake Villa for many years. He will be missed by his many friends.

Visitors  
Mr. and Mrs. Warren Moyle of Waukegan, Wis., were visitors recently at the home of Mr. and Mrs. Robert Kammlen.

Mr. and Mrs. Oscar Douglas and granddaughter from Wisconsin were visitors Friday at the home of Mr. and Mrs. Howard Schneider.

August Tanner of Chicago visited friends in Lake Villa Sunday.

Norman and Everett Nelson of North Chicago visited Mr. and Mrs. Fred Bartlett, Sr., Saturday.

Mr. and Mrs. Joe Sheehan of Antioch, Mrs. Ruby Sheehan of Waukegan and Mr. and Mrs. Warren Sheehan of Lake Villa were guests Sunday at the home of Mr. and Mrs. Elmer Sheehan.

Mr. and Mrs. Robert Smith and family of California were guests Thursday at the home of Mr. and Mrs. Joseph Botts.

Mr. and Mrs. James McGrain and family of Waukegan were guests Sunday at the home of Mrs. Frank Slazes, Sr.

### Royal Neighbors Officers Club

The Royal Neighbors Officers Club will hold their next meeting Wednesday, June 9, at 12:30 p.m. at the home of Anna Veljokvic on Cedar Ave., Lake Villa. Co-hostess will be Mathilda Bartlett. A dessert luncheon will be served at 12:30, after which a meeting will be held.

Class of '65 Entertained

The Seventh grade class of the Lake Villa school invited the parents and guardians to attend a party in honor of the graduation class of 1965, held at the Lake Villa Con-

solidated School last Thursday (May 20). Dancing started at 7 p.m. with a buffet luncheon at 9 p.m.

The hall was decorated in red and white, the colors of the graduating class, the centerpiece decorating the table was red carnations and white daisies, with red and white candles. Working on the committee was Mrs. Fred Bartlett, Jr., Mrs. Oliver Walker, Mrs. Mortenson and several other 7th grade mothers.

### V.F.W. Items

The VFW Auxiliary meeting will be held Monday, June 7, at 8 p.m. Newly elected president, Evelyn Whitmore will preside.

The Kadette Drill Team, sponsored by the VFW Post and Auxiliary is progressing and are practicing hard for the approaching parade and contest time. Sarge McBride is working hard to have the team in shape for the contest. They participated in several parades already.

### Methodist Items

Vacation school of the Lake Villa Methodist Church will be held the first two weeks in August, August 2 to 6, and 9 to 13. It will be under the leadership of Mrs. Faith Pilcher and Mrs. Elaine Clark.

### Local Women Hurt In Accident

Mrs. Ruth Karolius and Mrs. Bernice Armstrong, both of Lake Villa, and Mrs. Helen Lutter of Waukegan were injured in an auto accident last Sunday at Tomah, Wisconsin. After spending a week in the Tomah Memorial Hospital, they were brought to St. Therese Hospital in Waukegan. Mrs. Karolius and Mrs. Lutter were able to go home. Mrs. Armstrong is still a patient there.

### Visitors

Mr. and Mrs. Fred Bartlett, Jr., and daughters, Carla and Carrie Ann, were visitors Sunday at the Museum of Arts and Science in Chicago. Mrs. Winfred Seefeldt of Belvidere, Ill., is visiting relatives and friends in Lake Villa.

Winsor Dalgard, Jr., a

### Gets Diploma of Graduate Nurse

Edna Mae Beattie, the daughter of Mrs. Viva Beattie, Rt. 3, Box 825, Antioch, is one of the class of 47 students at the Evanston Hospital School of Nursing in Evanston who will receive their diplomas of Graduate Nurse in the Northwestern University Commencement exercises on June 12 at 10:30 a.m. The Evanston Hospital School of Nursing is affiliated with Northwestern University.

That evening, in special Pin Presentation ceremonies, members of the graduating class will receive the Evanston Hospital School of Nursing pin, marking successful completion of the three-year course. Parents and friends of the graduates will be entertained at a buffet luncheon at Evanston Hospital following the Northwestern University exercises in the morning.

On June 1, the graduating class will be honored guests of the Evanston Hospital School of Nursing Alumnae Association at the annual Alumnae banquet at the Edgewater Beach Hotel.

### LONG-TIME RESIDENTS MOVING TO FLORIDA

Ruth and Dorothy Fitzsimmons, 627 Highland Ave., long-time residents of Antioch, have sold their home here and are moving to Florida in the near future.

### MOOSE TOPICS

By Lillian Birdsell

There were 38 members present for the honorary dinner held at the Antioch Moose home, Thursday, May 27. Lillian Birdsell, who sponsored 12 candidates, was crowned Queen of Sponsors.

Receiving gifts for perfect attendance were Doris John, Jerri Mark, Gladys Schroeder, Barbara Weatherbee and Lillian Birdsell. Others who missed only one to three meetings were also presented with a gift.

The dinner which consisted of roast beef and the trimmings, was graciously served by L.O.O.M. Glen Wetherbee, Seth Mark, Jack Christensen, Sam Bailey, Scotty Birdsell and Jerry Miller. Carl Schieser, Ed Petersen and Governor Art LaPlante were the cooks.

Eleven candidates were entered into the L.O.O.M. as members of Antioch Moose Lodge on Saturday, May 29. They are as follows: Richard Alan Goding, of Antioch, sponsored by Earl Lowe; John F. Von Ogden, of Trevor, sponsored by Carl Saiega; Robert Bolton, of Antioch, sponsored by Les Palmer; John LaViolette, of Trevor, sponsored by J. B. Swenson.

William P. Erdman, of Antioch, and Howard Buehling, of Salem, both sponsored by Al Erickson; Frank Heiselmann, of Antioch, sponsored by John Dupre.

Warren A. Andre, of Lake Villa, and Daniel F. McGrane, Dennis W. Andre and Daniel Andre, all of Antioch, were sponsored by Scotty Birdsell. Dancing to the music of the Champagne Notes followed the initiation.

### Open Meeting of Cemetery Assoc.

The Triennial open meeting of the members of Hickory Union Cemetery Association will be held at the home of Bert Edwards on Hwy. 173 on June 7, at 8 o'clock. Regular business will be transacted, and four directors are to be elected.

Eugene will be employed at the Ford Motor Company in Detroit, Michigan.

### Scout News

#### CUB PACK 300 HOLDS LAST MEETING OF YEAR

Friday evening, May 28, Cub Pack No. 300 held their last meeting of the season at the Scout house.

The opening flag ceremony was presented by Den 1, whose Den Mother is Darlene Mason.

Cub Master Hank Lytle then presented the following awards to the boys: Assistant Denner badge, Robert Dowell; one-year pin, Jimmy Hansen; Wolf badge, Mark Crawford; Daniel Wolf and Phillip Suich. The Cub-O-Rama which was held recently at the Lake County Fair Grounds, was very well attended. About 30 boys from the pack attended the affair and received badges for their work.

A family-style picnic is being planned for all Cub Scouts and their families. It will be held on Sunday, June 27, at the Fox River Park near Wilmet, Wis. The group will meet at 10:30 a.m. at the very north end of the park. The pack will furnish hot dogs, buns and potato chips, and each family is asked to bring their own pop and dessert.

The rummage sale which was held in May, netted \$103. This money is put into the treasury for various outings. A special thanks to Sally Whitney and all the mothers who either donated rummage or baked goods and worked or attended the sale.

Cubmaster Lytle then announced with reluctance that in the fall he must leave the pack. So, if there are any fathers or interested men who like working with young boys, the position of Cubmaster is open. You may learn more about this by calling Mr. Lytle at 395-3597. There are also 2 openings for Den Mothers.

Committee meeting of the Pack was held June 2, at 7 p.m., at the Antioch Savings & Loan. A skit was presented by Den 3 under the direction of Mrs. Richard Klean, and the meeting was then adjourned with refreshments served by Den 2.

### American Legion Auxiliary News

By Del Jahneke

There will be a 10th District American Legion Auxiliary Board meeting on Tuesday, June 8, at the Lakes Region Legion Home in Fox Lake, at 6:30 p.m. A potluck supper will precede the meeting.

On June 11, the Antioch Auxiliary Unit will hold its regular meeting. Memorial services, to be conducted by the chaplain, Mrs. Ellen Swenson, will be held, honoring the two members who passed away this past year, Mrs. Maren Simonsen and Mrs. Sarah Peters.

An election of Unit officers is also on the agenda that evening. The hostesses are Mrs. Paul Chase, Sr., chairman; Mrs. Thomas Chase, Mrs. Dan Lightsey and Mrs. John Harmon.

The Poppy chairman, Mrs. John L. Horan, announced that \$176.50 had been contributed by the public on May 22, Poppy Day. After the disabled veterans receive their money for fashioning the poppies, the remainder of the money will be used in Rehabilitation and Child Welfare work.

The 10th-District American Legion and Auxiliary will have their annual "Pilgrimage to Normal" on June 13. The 10th District sponsors Harbord Cottage, and the boys at this cottage will be given a combination washer and drier, as a gift from both the Legion and Auxiliary. There is a family-style picnic lunch, with the food donated by the various Posts and Units. Later in the afternoon, the I.S.S.C. children put on a "talent show" for the hundreds of Legionnaires and Auxiliary members, who are there from all over the state. Each of the 25 Districts sponsors a different Cottage. Then, the Legion and Auxiliary have a parade to entertain the children, and hold Drum and Bugle Corps competition.

The final 10th District Auxiliary meeting of this year will be at the Barrington Legion Home on Tuesday, June 15. An election of District officers will also be held then.

### Palos Park Hosts Garden Club of Ill.

Leave your household tasks and join garden club members and friends for lunch at the Palos Country Club, 131st Street & Southwest Highway, in Southwest Cook County, June 14, at 12:30 p.m.

The Garden Guild of Palos Park, Chapters I, II, and III will hostess the first summer meeting of The Garden Club of Illinois. Following luncheon, Mrs. William McGowan, charter member of Palos Garden Guild I, will show slides and comment on The Woodland Path of Ruth and Russell Lord.

"The Lord's Path" was a personal project of the Lords who received permission from Southwest Cook County Forest Preserve officials to undertake the clearing, preserving and planting of the section of the forest adjacent to their home.

The plan has been to restore the area, promote the planting and growth of native plant material and create a lovely woodland path. The area is a haven for bird watchers and plants are labeled for the uninformed.

The Palos Garden Guild, Chapter I, Orland, Illinois, plunged into the project to assist the Lords and were awarded a cash prize by The Garden Club of Illinois during their annual meeting recently for this outstanding civic beautification effort.

A guided tour of the Path will be conducted by Mrs. McGowan, and it is suggested that walking shoes be worn. At the conclusion of the tour, tea will be served at the Village Courtyard in Palos Park.

Tickets for the day are \$3.50 and may be obtained from Mrs. Oliver Renaud, 11008 Laurie, Palos Park, Ill., 60464; telephone 312-448-0743. A stamped, self-addressed envelope for return mailing should be enclosed with your request for tickets.

To Place Society or News Items Call Dial 395-4111

### AARP TO HOLD POTLUCK LUNCHEON

The Antioch area Chapter No. 387 of the American Association of Retired Persons will meet at the Antioch Savings and Loan building at 11:45 a.m. Tuesday, June 8. Members will then repair to the residence of Fred G. Chapp on North Avenue for the meeting. A potluck lunch will be served at noon.

Those wishing can either bring a dish to pass or make a small donation to the refreshment fund.

Mrs. Barbara Jorgensen is in charge of the program for the chapter. Anyone wishing information may call her at 395-1137.

### ST. ANTHONY FRATERNITY TO MEET SUNDAY

The next regular meeting of the St. Anthony Fraternity of the Third Order of St. Francis, St. Peter's Church, Antioch, will be held at 2 p.m. Sunday, June 13, in the church. Following will be the showing of the film, "TV Challenge," in the church hall. All friends and parishioners are invited. Refreshments will be served.

### NEW SCHEDULE FOR CHRIST LUTH. CHURCH

The summer schedule for Christ Lutheran Church at Salem, Wis., is as follows: 8 a.m., Divine Worship service; 9:15 a.m., Sunday school; 10:30 a.m., Divine Worship service.

### Graduates From Management Institute

William J. Curran of Rte. 2, Lake Villa, was one of 52 graduates of the Lake Forest College Industrial Management Institute who were awarded certificates at the 19th annual graduation banquet on Wednesday, May 19. Curran is plant manager for Decore Corporation.

Certificates were presented upon completion of the four-year evening course in business administration and human relations.

THESE CHILDREN AT ST. PETER'S SCHOOL helped Father Henderson to promote his vocation program. Front row, kneeling, left to right, George Davis, Keith Priblo, Bud Nayton, Rodney Schaeffer. Second row, Pamela Stroschein, Emily Milowski, Pat Horsch, Roberta Liberty, Antonette Frank, Joanne Apostol, Loretta Ring, Theresa Stroschein. Third row, Cary Vistain, Pat Johnson, Helen Zelen, Judy Havrdas, Jan Newton, Mary Wiczorek, Kathleen Chase, Father Henderson, Jeanine Keisler, Back row, Terry Wells, Jim Griffin.

### Publish New Directory For Blind

Local, state and governmental agencies as well as schools and libraries dealing with blind persons will find an indispensable tool in the new 1965 "Directory of Agencies Serving Blind Persons in the United States" just published by the American Foundation for the Blind, of New York City.

The 234-page, indexed handbook is the only one of its kind and a valued source of information to social workers, teachers, doctors, and librarians. It gives the correct name, address and official of practically every important agency for the blind in the country as well as the geographic area covered and specialized services of these agencies.

The Directory contains the latest information on educational, vocational rehabilitation and related services for persons with visual problems. Also included are names of the 32 lending libraries for talking books, tapes, or brailled materials and distributors of talking book machines.

The Directory of Agencies may be obtained from the

### Court Order Against Libertyville Co.

Secretary of Labor W. Willard Wirtz has asked the U. S. District Court in Chicago for an order permanently restraining Engelhardt, Inc., and Micron, Inc., construction and excavating contractors of Libertyville from future violations of the overtime pay and record-keeping provisions of the Federal Fair Labor Standards Act.

Both companies, under the same management, are located on Baker Road in Libertyville. Together they employ about 100 workers who are engaged in excavation work and construction work. The complaint alleges that the companies failed to pay many of their employees for overtime at the rate of one and one-half times their hourly rates and failed to maintain adequate and accurate records of hours worked and wages paid.

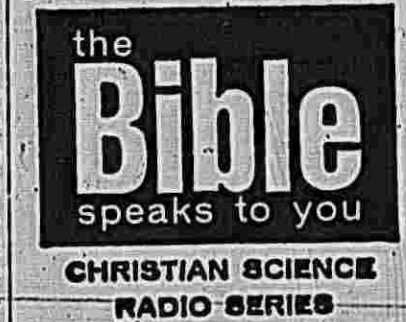

The court action was based on an investigation by the U. S. Department of Labor's Wage and Hour and Public Contracts Divisions.

American Foundation for the Blind, 15 West 16th Street, New York, N.Y. 10011.

under the supervision of Earl F. Halverson, Regional Director.

On July 26, 1912, the first tests of airborne radio were conducted at Annapolis, Md. During the first flight, the letter "D" was transmitted at short intervals which was "easily received" by the USS Stringham about a mile away.

This week's Christian Science program

June 6, 1965

"A RELIABLE BASIS FOR HEALTH"

Where should we look for good health? Is it just something physical, or is it basically a spiritual concern? This program brings a lively discussion and the reasons why many look to God for their health — and find it on a spiritual basis.

## Watch For TB Mobile Unit This Summer

Are you wealthy, poor, or in-between? Are you young, old, or in-between? Are you short, tall, or in-between? Are you underweight, overweight, or in-between? Are you single, married, male, female, sickly or healthy? If you are any of those, it could happen to you.

Tuberculosis is not particular about a host. It will make a home and grow in any body that will allow it to enter.

Of course the good health habits of enough sleep, good food, etc., will help keep your body in a condition to reject the germs but does not give a guarantee against TB.

A good way to make sure you are free of TB is to have a chest x-ray. This will show evidence of tuberculosis, some heart diseases, cancer, and other chest conditions.

The use of the Lake County Tuberculosis Association Mobile Unit is not restricted to any person because of age, race, religion, creed, or financial condition.

The only requirement is that a person be 18 years of age or older. The use of the Mobile Unit should not be looked upon as a means of x-raying only people who can't afford private x-rays; this service is used by many wealthy people simply because it is a fast, uncomplicated way of obtaining a valuable health service. Some physicians go through the Unit.

The Lake County Tuberculosis Association is not tax-supported; this service is made possible by the purchase of Christmas Seals in Lake County and there is no charge made at the Mobile Unit.

Throughout the summer the Mobile Unit travels to all the communities for public surveys. Watch your paper for the date when the Unit will be near you and take advantage of this vital service.

## Army Offers 2-Year Enlistment Option

I was announced by Sgt. Art Nelson, the local Army recruiter that the Army still offers a guaranteed two year enlistment option to those who qualify.

College graduates may now apply for Officer Candidate School and be guaranteed in writing before enlisting if qualified. The applicant will enter the Army and upon completion of basic training will immediately be enrolled in OCS. After completion of the school, the applicant will be commissioned a second lieutenant in the U. S. Army and will serve two years of active duty.

Sgt. Nelson states that at the end of this two year active duty period, the young man may choose to remain on active duty or return to civilian life.

Sgt. Nelson says that this is only one of the countless number of guaranteed positions available in the New Army. Anyone wishing to investigate this or any other option should do so by calling Sgt. Art Nelson on the phone at ON 2-5260, or visit him at his office located at 620 1/2 Washington St. in Waukegan. A proud and guaranteed future can be yours in the New Action Army.

Information on the extent to which workers in the United States hold more than one job will be obtained in the Bureau of the Census Current Population Survey in May, according to Theodore F. Olson, Director of the Bureau's regional office in Chicago.

The Bureau will also ask questions about overtime pay in the survey which is taken once each month to develop information on employment and unemployment for the U. S. Bureau of Labor Statistics. The questions on dual jobholding and premium pay will be asked in addition to the regular monthly inquiry on employment and unemployment.

The data will be collected during the week of May 16 from selected households in this area as well as other sample areas throughout the U. S.

Examples of the questions to be asked are: Did this person work for more than one employer last week? In addition to working for wages or salary, did this person operate his own farm, business, or profession last week? What was this person's second job last week? How many hours did he work at his second job last week? Did this person get a higher rate of pay, like time and a half or double time, for the hours he worked over 40? Does this person usually work more than 40 hours a week?

With more than 800 of its allotted 1,631 miles of Interstate Highways opened to traffic, Illinois ranks among the top states in the nation in construction on its Interstate Program, Francis S. Lorenz, public works director, said last week.

Publication of the quarterly progress report of the U. S. Bureau of Public Roads shows that Illinois has 802 miles of Interstate Highways now in use. The report covered the first three months of 1965.

Illinois is third among all states in Interstate mileage allotments with a total of 1,631 miles on the 41,000-mile national network, scheduled for completion by 1972. Texas, with 3,024 miles, ranks first, and California, with 2,178 ranks second.

Interested in Art? MILES CITY, MONT. STAR: "Every taxpayer will be a patron of the arts unless some developments in Washington are brought to a halt, as they should be. The proposal that the Federal Government subsidize the arts keeps bobbing up, and it has a better chance than ever in this Congress. . . . The proposition that anyone who considers himself an artist is entitled to high living standards at public expense is a foolish one."

The average citizen is a law abiding sort of person. He knows the rules and tries to abide by them. There is a small minority that must always learn the hard way—by having their activities restricted by law. What they do not realize is that it takes a traffic violation arrest or two to make them safety con-

scious—and that as a result of learning to obey the rules they may be saving their own lives.

## Lindenhurst News

By Mrs. Bernice Bernau  
 Elliot 6-5649

The Altar and Rosary Sodality will receive Holy Communion next Sunday at the 8 o'clock mass.

The annual installation of officers will take place on Wednesday, June 9 during Benediction, instead of June 2, on account of the graduations during the week. Since this is the 10th Anniversary of the Parish, the past presidents will be honored. Also an interesting program is planned for the members. Ladies of the parish are invited to come and meet their new officers for the coming year.

Edward Martin and Miss Carole Plotzke, both of Prince of Peace church will be married Saturday, June 5, at 11 a.m.

**St. Mark Lutheran Church**  
 Pastor Lawrence Holst from Lutheran General Hospital, Dept. of Pastoral Care, was guest pastor at St. Mark Lutheran Church last Sunday, while Pastor and Mrs. Harold Nelson and family were at St. Olaf College to attend the graduation of their son, Paul, that afternoon.

The Mary - Martha Circle will meet at the home of Mrs. Edwin Erber, Grand Ave., Lindenhurst, at 1 p.m. Thursday.

Twenty young people will make their confirmation at the 10:30 worship services

next Sunday morning. Sent took them only two hours to time will be at 10 a.m. Saturday.

**Kindergarten Get-Acquainted Day**  
 Thursday, June 4, has been set aside for registration day and visiting the Kindergarten rooms, and meeting the teachers. For children who will be starting in September this would be a nice time to acquaint them with school.

**Visits Father**  
 Mrs. Bernice Frontzak and her sister, Miss LaVergne Babin of Chicago, flew to Fort Myers, Florida, recently to visit their father, Arthur Babin, who had suffered a heart attack. Although it took them only two hours to fly to Tampa, it took them four hours to go by bus to Fort Myers. The ladies stayed a week and left their father feeling somewhat better.

**URBAN RENEWAL**  
 Writing on the subject of urban renewal, Washington correspondent Patrick Fox says: "A Harvard Ph. D. studied the program and discovered that far more people have lost homes than gained them through urban renewal, because the program destroys far more dwellings than it creates. He discovered that the claim that urban renewal increases tax revenues certainly hasn't been borne out in the short run, because urban renewal projects take ten or a dozen years to complete, and no taxes at all get paid ordinarily during that period."

**McClory Votes For More Funds To South Viet Nam**  
 Congressman Robert McClory (R., 12th Ill.) voted to approve the President's request for \$700 million in additional funds to support our nation's actions in South Viet Nam. The final House roll call on this measure was 407 to 7 with solid Republican backing.

In commenting on the vote, Congressman McClory declared: "It is my hope that our nation can bring the South Viet Nam conflict to an early and peaceful solution. Our aim in South Viet Nam has always been and continues to be in behalf of freedom for the South Vietnamese people. Our purposes there should not be misunderstood and our objectives in behalf of freedom should not be surrendered. Our goal is freedom—and peace."

The additional appropriation was requested Tuesday by President Johnson. The House approval one day later sets a record for quick Congressional action.

**CELERY SNACK**  
 Like to nibble on celery as a snack? It's even tastier when the celery's stuffed with one cup of ground leftover ham mixed with 1/2 cup grated carrot, and 1/2 cup salad dressing.

No man is free who is not master of himself.

**BACON 'N' POTATOES**  
 If the family likes creamed potatoes, then add a special touch to them with cooked, crumbled bacon, just before serving.

## Hot Dog! Barbecued Steak!

June is barbecue month, the great American backyard institution. Get out the barbecue grill, shine it up, find the charcoal and starter.

Now dash to the IGA. What'll it be—steak, hot dogs, ribs? Or maybe a tender young chicken, liberally brushed with barbecue sauce, will strike your fancy.

Whether you have the latest in barbecue equipment, or some Rube Goldberg invention dreamed up by Dad, the main course will be superb if you buy your meat at IGA. We have the other supplies you need for perfect outdoor entertaining, too.

Come in and look them over. And spend your leisure hours this summer relaxing in your own back yard.

## Illinois Drivers To Get 30 Days Notice

Springfield, Ill.—Secretary of State Paul Powell's bill authorizing his office to notify drivers 30 days in advance of the expiration date of their licenses has been approved by the Senate Committee on Appropriations by an 18 to 0 vote.

The measure has already been passed by the House of Representatives and approved by the Senate Committee on License and Miscellaneous. It now goes to the Senate floor for final legislative action.

Secretary Powell pointed out that another provision of the bill will result in a revenue increase to the state greater than the cost of administering the notification program.

The bill carries an appropriation of \$300,000 to cover expenses for an 18-month

period, but it is estimated that an adjustment in the method of issuing driver license renewals when applications are submitted after the expiration date will increase state revenue by \$600,000 a year, he said.

At present, renewal applications submitted late result in licenses valid for three years plus the time remaining until the applicant's next birthday. Secretary Powell explained. This, he said, was the equivalent of giving a premium to the delinquent applicant.

Under the new procedure, driver license renewals submitted after the expiration date will be valid for three years less the period between the date of expiration and the date the application was submitted. Mr. Powell said.

### Dr. SIMS says... SAFEGUARD YOUR HEALTH

A PUBLIC SERVICE OF THE ILLINOIS STATE MEDICAL SOCIETY

#### THOSE "FIRST CAMP" BLUES

If you're typical of the thousands of parents who plan to send their youngsters to camp this summer, you're already being plagued by doubts and apprehensions.

Is the camp safe? Will my youngster get homesick? How can I tell which camp to select? These are only a few of the dark doubts forming in your mind.

Before they rise to overflowing and spoil little John or Jane's fun, it's a good idea to resolve these doubts now—while the new adventure is still in its planning stage.

First, there is the matter of which camp to select. The following qualifications are "musts" for any camp under consideration:

1. See to it that supervisors are well-trained in child guidance.

2. Make certain ALL activities are undertaken only under the watchful eyes of an adult counselor. This is especially true of such potentially hazardous games as archery, rifle range, swimming, boating and horseback riding.

3. Check to see that trained medical personnel and emergency hospital facilities are nearby—preferably right on campsite.

4. Make certain that all physical facilities such as bathing, sanitation, mess hall, food storage, refrigeration, garbage disposal, screening, bedding and spraying meet local health standards. Remember: only a health certificate signed by a health officer is proof positive that these standards are being met—so accept no substitutes.

Here's an extra tip. Find out how many children return to the camp each year. In outdoor camps, steady patronage is a reliable index of quality.

Any good camp will require a physical examination of your child, with special attention to immunizations and physical endurance. To play it safe, have your family physician examine him

well in advance of his camp stay.

If you're worried about homesickness, forget it. Kids possess a boundless capacity for adjustment, especially under the appealing circumstances of a summer camp. Actually, it's the parents—not the child—who suffers more severe pangs of loneliness during this short separation.

If the camp you have in mind meets the requirements listed, waste no time signing up little John or Jane. Although the first severance from home ties will hurt momentarily, your reward will be a healthier, happier and better-adjusted youngster.

#### ILLINOIS PAVILION AT FAIR POPULAR

A detailed report from the Illinois Pavilion at the New York World's Fair tells of the popularity of the Illinois exhibit in spite of poor fair attendance generally.

Reporting on pavilion attendance, James A. Cassin, executive director of the Illinois Commission on the New York World's Fair, said: "Illinois has more than tripled its percentage of the fair's total paid attendance and doubled the number of visitors received at the pavilion, compared with the same period last year."

As of May 15, Illinois Pavilion records show a total attendance of 244,817 since the fair reopened April 21.

#### STUDY REVEALS FACTORS IN DROWNINGS

A state Public Health Department study of 130 drownings in Illinois last summer pinpoints over-estimation of one's swimming ability and swimming in unsupervised areas as chief factors in drownings.

At least 35% of those drowned were classed as good or average swimmers and in spite of this, many misjudged their stamina, strength or skill.

Of the 130 drownings, 113 were male victims. Five of the six persons drowned in private swimming pools last summer were children; the drownings occurred when no one was present as a "life guard."

#### SMALLTOWN NEWSPAPERS

"Read a very informative article written by the board chairman of Young & Rubicam, one of the larger advertising agencies."

"Here is what he has to say about smalltown newspapers:

"Newspapers, particularly small newspapers and weeklies, maintain a dialogue that other media cannot."

"There is an intimacy between the opinion-maker, or the opinion observer, and the common, every day opinion-holder that exists nowhere else. Certainly not on network television nor in the mass magazines."

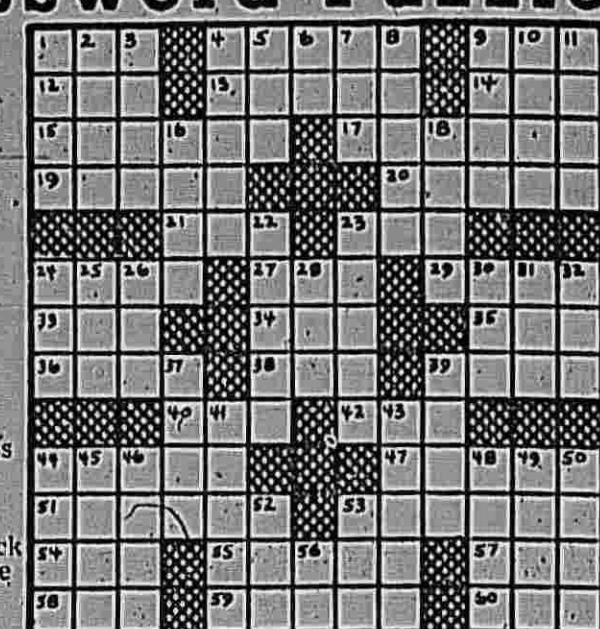

"The immediacy, the intimacy of communication that exists endows newspaper advertising with a power that is quite exceptional."

"Products, particularly national products, take on a home-town quality when advertised right beside local stores and shops. This is a powerful advantage."—The Mount Morris Index.

### HEAVY LOADS AND EASY STEERING

Better check up if your car appears to steer too easily. You may be carrying too much weight in the rear. The Institute for Safer Living says that excessive weight

in the trunk compartment may cause you to lose steering control in an emergency. Also it may lead to early breakdown of springs, axle or wheel parts. If you must carry heavy loads, distribute some of the weight to the passenger compartment.

## ALL ABOUT BABIES...

A Public Service of the National Baby Care Council

### MUSIC LESSONS

By Max Aronoff, Director The New School of Music Philadelphia, Pa.

My recent column on preparing a young child to love music, has resulted in many letters from readers asking me to suggest the proper age for starting music lessons. I can only answer that the age varies, depending upon the readiness of the child. Usually, a strong desire to take lessons is a good sign the child is ready for formal instruction.

After teaching children for 40 years, I'm convinced that musical training can be significant part of everyone's education, regardless of whether there is any thought of the child's pursuing a career in music. There is no such thing as a musically untalented child. Under a com-

petent teacher, every child can develop some ability to express himself musically.

Appreciation of good music is, of course, an additional reason for taking lessons, but the discipline of music study is important, also. Needless to say, the boy or girl who is engrossed in practicing just won't find as much time to be tempted by less desirable, or delinquent activities.

The selection of a teacher is a problem that parents should ponder more seriously than they generally do. It can take a music school five years to undo damage inflicted on a student by an inept teacher. Parents can send their boys and girls to one of the music schools across the country that provide classes for youngsters as our own New School does. Or, parents can enroll their children with a private teacher, after investigating that teacher's accomplishments and standing very carefully.

At the New School, we urge beginning students to take one or two years piano lessons and at the same time start studying an instrument. If a child has any ambitions for a musical career, we stress the increasing demand in the country for string players, as opposed to the minimal need for young pianists and vocalists.

### SPECIAL SALAD—WITH LAMB

Here's a leftover lamb salad, special enough for entertaining. Combine 2 cups diced cooked lamb with 1 cup diced celery, 1 cup Bing cherries, 4 hard cooked eggs, diced, 1/4 cup chopped nuts, 1 teaspoon salt and 1 cup mayonnaise. Serve on salad greens. Six servings.

Defeat never comes to any man until he admits it.

Practice is the big hurdle for children in their first two years of study, and a parental push is necessary, now and then. If my own father had not pushed me (and rather vigorously, too), I would not be a violinist with the world famous Curtis String Quartet today. A parent can also help a child by surrounding him with fine music in the form of records and FM radio broadcasts.

After the child begins to

THE ANTIOCH NEWS 6 THURSDAY, JUNE 3, 1965

hear proof of his own progress and can play more interesting pieces, the initiative to practice will come from himself. When this happens, you will have the satisfaction of knowing that your careful preparation has paved the way for your child's musical development and for the broadening of his cultural background.

## Fit For Baby's Feet

We make a fetish of fitting baby feet correctly (and older feet too) when the time comes for baby to walk it's high shoe time and we have a fine selection.

CAROL ANN SILL presents the Professional and Businessmen's trophy to Jim Sullivan of Antioch for winning the 50-lap Memorial Day Classic feature at the Waukegan Speedway. Left to right, Gordon Sill, track president, Miss Sill and Jim Sullivan.

## Record Falls In Thrilling Race

Jim Sullivan wheeled his 482 cu. in. fuel oil injected Plymouth modified stock car to a narrow victory over defending champion Johnny Reimer in the 50-lap Memorial Day Classic feature at the Waukegan Speedway Sunday night. Five cars flipped in the evening's competition; however, no one was injured.

The fastest field of the season started the big modified feature. Outside pole started Sullivan initially grabbed the lead. Gino Wagner raced by Sullivan in lap seven as Bill Bahn and Geo. Uttech bumped, spun and crashed head-on into the starting stand, scattering officials. Reimer powered through the pack to duel Sullivan, snatching 2nd, on the 24th circuit.

Right behind Wagner, now Reimer made his move on the outside and raced wheel to wheel, bumper to bumper with Wagner until the 28th lap when Reimer smacked the homestretch wall at top speed. Recovering, Reimer zipped into the lead on lap 30 as an over-anxious Wagner looped into the infield in the midst of another wheel and wheel duel.

Reimer's lead was short-lived as the spinning Wagner pitched dirt into Reimer's car, knocking Reimer's goggles off. One lap later Sullivan roared back into the lead; the gallant Reimer pulled even with Sullivan several times in the next dozen laps, but couldn't get by, finishing second by ten feet at the checkered flag.

**Record Falls**  
Sullivan's time for the long race rewrote the Waukegan Speedway record books. Also Duane Harris posted the season's best qualifying time in the modifieds and Dennis Burgan did likewise in the late models. Burgan continued by establishing a new eight lap mark and John Hood now possesses the new twelve lap late model record.

Hood captured the late model feature in record time as point leader Burgan chased him to the line. Hood's

teammate, Ken Becker, grabbed third in the final circuit from last year's point champion, Jim Cossman. Burgan strengthened his new point lead over previous leader Cossman with this finish, fast time and a heat win.

### Lucas in Nasty Flip

After finishing 8th in last year's point race, popular Al Lucas brought a 385 cu. in. Studebaker into competition this weekend. In a race for second spot early in the feature, Lucas and Ed Smith tangled in the third turn with Lucas taking a nasty flip into the infield. The impact was so hard that the rollbars punched holes in the roof, but the bars did their job and Lucas scrambled away uninjured. Even though the car was nearly demolished, Lucas announced that he will be working feverishly to return next weekend.

### Triple Flip Thrills Fans

A simultaneous three car flip in the jalopy race halted the show. Usually racing on Saturday nights in the destructive figure 8, the jalopies presented a "normal" oval-type race for Sunday night fans.

Marty Martin of Waukegan, after demolishing his Buick in a head-on crash Saturday night, drove a big Packard Sunday night to defend himself.

Several drivers considered the big Packard fair game and started bumping. Three laps went by before Bill Reimer, of Racine, rammed his Buick into Martin's side, flipping Martin, then himself.

Bradley Akins, of Zion, close behind couldn't avoid the melee and also flipped, catching on fire for a short instant. Although Reimer's Buick, a hardtop, had its roof smashed to the doors, all three drivers escaped unhurt.

### Larson Does Nose Stand, But Wins

Ron Larson and Fran Seamers battled all of the way in the first heat, with Larson inching out the win. The modified semi-feature was the same story. Ken Hedler, of Caledonia, lost a wheel

## Cancel Fri. Night Races

Unseasonably cold, inclement weather last weekend forced cancellation of the Friday night modified and late model stock car races at the Waukegan Speedway. It was announced then that the Waukegan Speedway will begin regular Sunday night modified and late model stock car racing immediately, no longer continuing to race on Friday nights. The late model stock car and jalopy racing on Saturday nights is unchanged.

Four attempts were made to race on Friday nights. The weatherman cancelled two shows, and the other two shows were run under rain-laden clouds which didn't lend itself to a fair test of the Friday night races. However, fans' and drivers' requests prompted the switch to Sunday nights.

The Sunday night dates will feature the modified and late model stock cars in a combination show, basically the same arrangement as has been run for the past nine years. Late models and jalopies will race also on Saturday nights.

while dueling with Seamers for second spot; Larson leading. A lap later, Seamers drove abreast with Larson. Spectacularly, Larson vaulted over Seamer's right tire and popped into the air, dancing down on his front tires, but maintaining the lead. Seamers continued to challenge at every opportunity and finished even with Larson's door at the flag.

### Bergsma Flips to Open Show

In the first modified heat Ken Bergsma, of Richmond, crawled over Steve Stevens, of Antioch, and flipped to his roof in front of the oncoming cars. Bergsma was able to right his wrinkled Plymouth and continue.

Regular Saturday and Sunday night racing will resume next weekend at the Waukegan Speedway. No more Friday night racing will be held. The late models and jalopies will race on Saturday nights; modifieds and late models will compete on Sunday nights.

Don Scoree of Wes. Allis, the current point leader, missed getting in the feature race when 18 others qualified faster than he did in time trials. Scoree did run second in the semi-feature behind Fran Seamers and ahead of Ron Larson; Bay Darnell, George Uttech and Ralph Wilhelm.

Rodger Ilagie of Antioch again won the spectator feature and a heat race in his strong 1956 Buick.

The many new cars are starting to show their power now and the drivers are getting the new car wrinkles out of them and next Saturday's race should be another of the fast action thrills events that make the Kenosha County Speedway one of the most popular ovals in the area.

# News of Lakes Sports

THURSDAY, JUNE 3, 1945

THE ANTIOCH NEWS

## Sailboaters To Race At Bangs Lake

The second annual Wauconda Sail Boat Regatta will be held June 5 and 6 on Bangs Lake.

The regatta is expected to attract considerably more interest this year than last among boating enthusiasts. Indications are that there will be close to 75 skippers vying for honors.

Competition will be held in five classes—Snipes, Sunfish, Penguins, Butterflies and SK-12. There will also be an open class race.

Trophies will be awarded for first, second and third in each class. There will also be a trophy for outstanding skipper. The races will be governed by rules of the N.A.R.U.

Registration will be held both Saturday and Sunday starting at 10 a.m. at the Wauconda Village Beach.

Racing begins at 1 p.m. Saturday and at 10:50 a.m. on Sunday.

Twenty-eight skippers entered boats in last year's regatta.

Trophies will be awarded at 4 p.m. at the Wauconda Village Park. Coffee and doughnuts will be served.

## Becker Is Spring Champ

Popular Ken Becker in a determined effort captured the Spring Championship late model stock car race Saturday night at the Waukegan Speedway. His margin of victory was only a few feet over Jim Luther who in turn held off the challenge of fast-closing Dennis Burgan in the final laps. Becker's time of 9:27.6 established a new 30 lap track record.

Becker first grabbed the lead on the third lap. Ray Dixon challenged Becker and finally forged ahead on the 12th lap. In the 15th lap, Dixon skidded up against the fourth turn wall and lost the lead.

Jim Luther challenged Becker for the last 15 laps, but to no avail, as Becker just couldn't be passed. After being driven into the infield in the early laps, Dennis Burgan closed in on the two leaders, but time ran out when Burgan caught the two; however, this third place finish was enough to boost Burgan and his Studebaker into the championship late model point lead.

The Jalopy competition was rough, especially in the second heat when Bob Klemm and Butch Anderson teamed up against Marty Martin and his familiar Buick. The end result was a head-on collision between Butch Anderson and his black Hudson, and Martin. Martin's car was demolished, but he vowed to bring back a bigger, heavier car to defend himself.

The figure 8 race saw two women in the violent action. Bob Klemm flipped his Mercury at the start. Later Bonnie Ketchum popped out of her car, but was okay and continued on. The figure 8's will return Saturday night. They were 24 strong Saturday night and increasing every week.

The best things in life are still free, but the tax experts are working overtime on the problem.

## NICC Trap Shoot

Today (Thursday) is the first trap shoot of the season for the Northern Illinois Conservation Club.

Trapshooting for merchandise and meat prizes will start at 10 a.m. and continue until dark. The shoot will be held at the club grounds, on Country Club Road, three miles west of Antioch on Route 173.

Two electric traps insure fast shooting. There is plenty of parking space and visitors are invited.

The schedule of trapshoots of the club include one on July 4, on August 1, a turkey and duck shoot on September 5, and turkey and duck shoots on October 3 and November 7.

The club also has an archery range which is open to the public. The proceeds from all club activities go to support the club's conservation and youth's tree planting program.

## Golf Match Benefits Grove School

The first "Moment of Truth" golf tournament at the Concord Green Country Club in Libertyville will be held June 5, with the proceeds to go to the Grove School for Handicapped Children.

Some of the children from the school will attend the golf match, including a "queen" chosen for the occasion.

Men and women title holders will compete on even terms over the Par 3 course. Trophies will be awarded to the winners of the match.

John P. Carmichael will handle the master of ceremonies job, aided by John Justin Smith, WBBM-TV news commentator.

There is nothing like a dish towel for wiping that contented look off a husband's face.

The best way out of a difficulty is through it.

## Flying Stocks Leap Fence, Flip, In Hard-Fought Race

Duane Harris of McHenry won a ten lap heat race and then came back to capture the 25 lap feature in the modified stock car races at the Kenosha County Speedway on Saturday night.

A small crowd in the cold weather caught the best races of the young season as 37 modified stocks turned out for a fast and action-packed night of racing. The track was in fast condition and by the time the feature race got started, the cars were really flying low. So exciting was the evening that two roll overs, one car jumping the rail fence on the turn, and a trip to the hospital for one of the drivers, were counted in this one night of action.

Bob Ratajczyk of Milwaukee was in a broadside turn in the 15-lap semi feature race when another car hit him and sent him into the air where he made a complete swing around before landing back on his wheels. Bob was unconscious when

the car landed but did regain consciousness before leaving the track and being taken to Burlington Memorial Hospital.

In the Spectator feature race, B. Kimble of Fontana, Wis., went up and over the steel guard rail on the turn. He too landed on the wheels but several feet from the track. Earlier, a spectator car driven by Richard De Groot of Union Grove rolled over in the heat of hard competition that usually highlights these events.

Following Harris in the feature race, Jim Sullivan of Antioch; Bill Bohn of Bristol, Jim Lawrence of Bristol, Chuck Uttech of Kenosha, Russ Reynolds of Racine and Kenny Tolugan of Milwaukee. Earlier in this race Tolugan had turned over. The race was stopped and Tolugan jumped out a window and helped right his car. After replacing a wheel in the pits he came back to run as strong as ever. This was

the second restart of the feature. Jr. Dodd had been leading the race but couldn't get his engine going when it came time to continue.

Don Scoree of Wes. Allis, the current point leader, missed getting in the feature race when 18 others qualified faster than he did in time trials. Scoree did run second in the semi-feature behind Fran Seamers and ahead of Ron Larson; Bay Darnell, George Uttech and Ralph Wilhelm.

Rodger Ilagie of Antioch again won the spectator feature and a heat race in his strong 1956 Buick.

The many new cars are starting to show their power now and the drivers are getting the new car wrinkles out of them and next Saturday's race should be another of the fast action thrills events that make the Kenosha County Speedway one of the most popular ovals in the area.

## Pioneers Work On Projects

"Putting Opportunities to Work" was the theme of the 11th Annual Assembly of Illinois Bell Telephone Pioneers which drew more than 1000 people to the Illinois Beach State Park in Zion last weekend (May 14-15).

Old friendships were renewed and new experiences exchanged by the group of active and retired telephone people who have 21 or more years' service. They reviewed their accomplishments over the last year and took pride in what they had done all over the state.

Keynote speaker O. W. Tutthill of Highland Park, Illinois Bell vice president and comptroller, on Friday reviewed the transition of Telephone Pioneering. Once a social club, it has become a dynamic group of more than 16,000 people in Illinois and northwest Indiana who put their skills and talents to work for the good of the communities in which they live.

Tutthill noted the tremendous growth in the 1950's—in demand for telephone service, in number of people eligible for Pioneering and in the number of social problems which these people could help solve. The growth in Pioneer members caused a leadership split last year. The Vail Chapter which once covered the entire state, now has three sets of officers administering activities of 17 councils in Chicago area, Suburban Area, and State Area. Illinois Governor Otto Kerner last year asked the Pioneers for help in educating disadvantaged children and re-training people displaced by automation in industry. Pioneer volunteers responded with positive programs to help the government in this vast undertaking. Tutthill also pointed to the role retired engineers are taking in helping cities plan future accommodation of their ever-increasing populations.

Some look at the problems of today as work for others to do. Telephone Pioneers accept these problems as opportunities for positive action to put their "golden years" to meaningful use, Tutthill said.

This theme was threaded through the entire business meeting Friday, which featured panel discussions and workshops for new officers. On display through the weekend were many hobbies that represent another facet of Pioneering—self-improvement and self-development. Hobbies shown ranged from go-kart racing to intricate clock repair and needlework.

Every council had a community service display. Projects shown included working with retarded, disturbed or needy youngsters, collecting and repairing toys for the poor, volunteer work with the Red Cross and hospitals, repairing discarded switchboards for use in retraining children with muscular disorders, teaching safety to school children, training retarded adults in new skills of value to industry and befriending the elderly in communities all over the state.

Saturday's activities, strictly social, attracted some 600 Pioneers and guests to a luncheon and fashion show. Highlight of the week-end was an evening show featuring top entertainers in the variety field held at Waukegan West High School.

Illinois Bell President John deButts addressed the 1000 people at the high school prior to the show. He congratulated the newly-installed officers. He captured the essence of Pioneering by pointing out "that sense of justice and selfless devotion to their fellow men are the foundations on which Pioneering has grown and flourished."

"If all men everywhere displayed these attitudes there would be no Viet Nams, Dominican Republics or similar tragedies anywhere where men of opposing factions cannot find common ground for understanding," deButts said. He urged the Pioneers to continue their good works and noted that company management all over the Bell system is 100 per cent behind their activities.

Directions and caution statements on drug labels should be read each time the medication is used; and medicine should never be given or taken in the dark.

## Dr. SIMS talks to teens

**SUMMER FUN AT THE BEACH**  
If you're among the thousands of teenagers who plan to "make the scene" at the beach this summer, here are some tips to keep your fun free of sickness and accidents:

**SUNBURN**—The burning rays of the sun are doubly powerful at the beach because they reflect off the water... even on overcast days. To protect against the pain and danger of sunburn, limit your first exposure to five minutes... and increase gradually by five minutes each day. Sun tan preparations help to prevent burn and drying out of your skin, but they are not substitutes for sensible exposure.

Remember, too, that sun glare, and eyesight don't mix... so wear sunglasses regularly. However, NEVER wear contact lenses while sunbathing for long periods. The plastic lenses can soften from the heat and cause severe eye damage.

**WATER**—If you see a sign saying "Polluted Water: No Swimming or Fishing," Obey it! Polluted water is a breeding ground for organisms that cause dysentery, typhoid, infectious hepatitis, and countless other terrifying diseases.

Whatever you do, check the water temperature BEFORE you dive in for a swim. The shock your body receives from this abrupt temperature change is a primary cause of cramping. A good rule to remember is: Wade—don't swim—if the water temperature is lower than 60 degrees.

**SWIMMING**—"Never exceed your limits" is the first rule of swimming safety. No matter how well you can swim, don't swim in untried waters or for long distances without a partner. Also, reserve horseplay for shallow water.

**FOOD**—If you select a pork roast or pork chops for the beach party barbecue, make certain they're thoroughly cooked. "Pink pork" is a notorious carrier of a severe parasitic disease called trichinosis. Also, don't

drink carbonated beverages before going into the water. The gas they put into your stomach—plus the chill of the water—are two deadly ingredients for cramping.

**CUTS**—No matter how clean beaches are, there always seems to be a rusty nail, tin can or piece of glass lying around just waiting for a foot to step on it. If this unfortunate accident happens to you, see your doctor immediately. Any cut from an unclean object can mean infection from the deadly bacillus that causes tetanus, or lockjaw. To be on the safe side, make certain you're immunized against tetanus before heading for the beach this summer.

Remember—Summer outings not only are enjoyable, they're an important way to re-charge your "mental battery" for the coming fall semester. Keep them fun—by keeping them safe.  
**HAPPY VACATION!**

## Beach Grove News

By Del Jahneke

Mrs. L. Jacobsen, Beach Grove, heard some very "happy" news regarding her two daughters. Mrs. Don Rodgers, Oakwood Knolls, won a Gold Medal as women's champion of the Lake County Women's Table Tennis Tournament, held in Waukegan recently. Her sister, Mrs. James L. Ruhl of Zion, won a silver medal in this same tourney. Mr. and Mrs. Jacobson moved into their new home in Beach Grove Subdivision last February. Mrs. Jacobson had formerly been a society editor of her home town paper in Trenton, Michigan. Antioch welcomes their newest residents!

Mr. and Mrs. Ed Jahneke, Beach Grove, have returned from a weekend in Onarga this Memorial Day. They were privileged to hear Mr. Phillip Maxwell, of the Chicago Tribune, give a speech to the Onarga Military School on Saturday, "honors day," and he also presented the Tribune R.O.T.C. gold and silver medals to the outstanding Seniors. Saturday

## Aliens Must Have Sailing Permit To Leave Country

Resident aliens who are planning to leave the country are required to obtain a Certificate of Compliance, commonly known as a "Sailing Permit," from the Internal Revenue Service. The alien must apply in person and have the necessary information to obtain a tax clearance.

"Sailing Permit" is the common term for Certificate of Compliance required of resident aliens leaving the country by ship, plane, or other means of transportation. U. S. citizens leaving the country are not required to obtain a Certificate of Compliance for tax clearance.

The departing alien must provide the following information and documents to obtain a Certificate of Compliance:

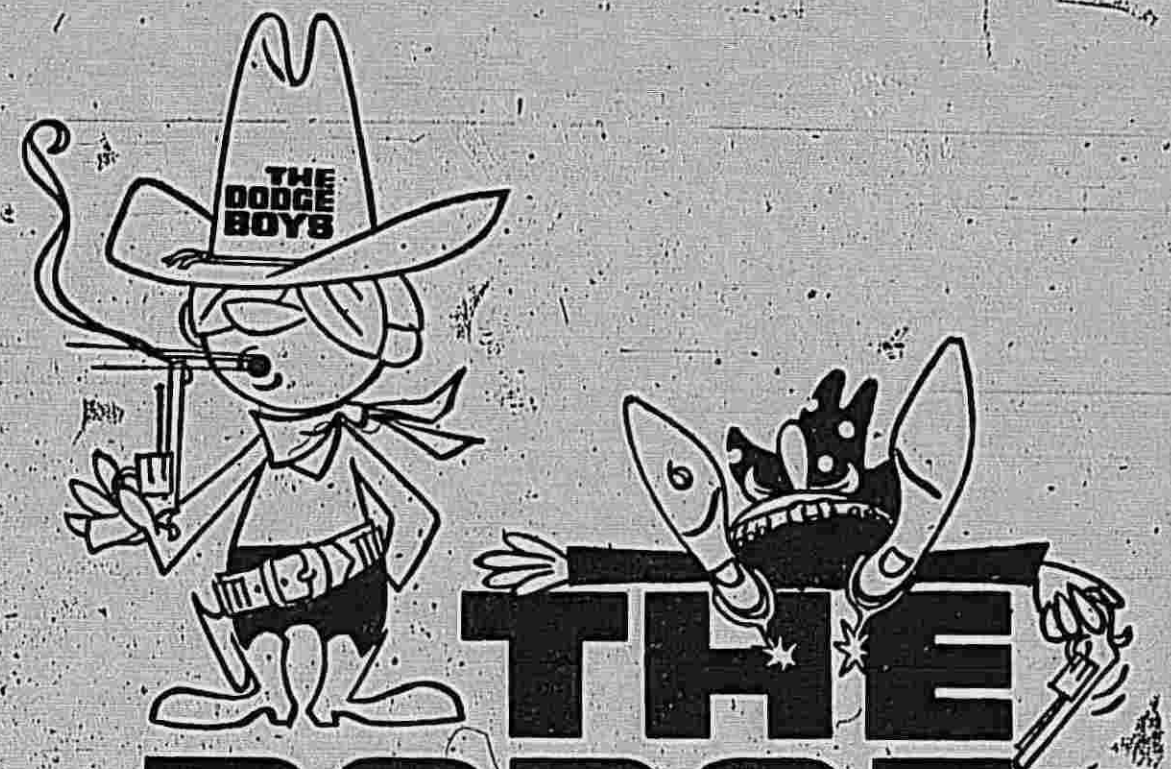

1. A passport, Alien Registration Card, re-entry permit, copies of income tax returns for 1962, 1963, and 1964, receipts of tax payments, declarations of estimated tax if such form was filed, and a statement of income and expenses for 1965.  
2. In the Northern Illinois area, aliens may apply at the District Director's office, 17 North Dearborn Street, Chicago, or at the local Internal Revenue Service offices in Joliet, Aurora, Rockford, or Rock Island.  
3. Departing aliens are asked to apply at least two weeks before the date of departure. Important information may be required before the Certificate of Compliance is issued. Many wait until the last minute and sometimes find, to their disappointment, that they cannot obtain the required information by the date set for departure.  
In Chicago, office hours are 8:30 a.m. to 4:00 p.m., Monday through Friday.

**WEATHER OUTLOOK**  
The U. S. Weather Bureau 30-day outlook for mid-May to mid-June in Illinois is for precipitation to average four inches or more.  
Temperatures for the same period are expected to average near the seasonal normal over the West and extreme South but above-normal in the Northeast and East-central.
